

ABOUT CAMERON CAN FOUNDATION

The **Cameron Can Foundation** supports Chicagoland area children who are battling life-long neurological conditions, especially Hydrocephalus and Spina Bifida. Since 2011, the Dominick family paid it forward in honor of their son Cameron Dominick. Born with Hydrocephalus, Spina Bifida and a host of other medical conditions, Cameron has beaten the odds and continues to thrive. No child should be denied a bright future because of the need for ongoing medical care. **NEW THIS YEAR----** We'd like to introduce our supporters to Vision for Tomorrow!

The **Vision for Tomorrow Foundation** is dedicated to improving the lives of those with blindness and low vision due to an irreversible birth defect. Each dollar the Foundation raises goes towards funding research (more than 25 studies worldwide) and family support for those affected by aniridia, albinism, and other rare genetic eye diseases.

Together we are working to make a real difference!

ACHIEVEMENTS TO DATE Raised over \$800,000 since the foundation's inception.

Cameron Rocks On Partner Response Form

Your support makes an impact on the lives of people and families who face long term medical care. With your help we are able to provide financial assistance to children who are striving to be all they CAN be. Our event "Cameron Rocks On" draws more than 300 people each year with supporters coming from across the country. Attendees span all age groups and professions, all in support of an evening to Party.Give.Love.

The Cameron Can Foundation is a non-profit 501 (c) (3), and is able to afford all sponsors and donors tax deductions to the extent allowed by the law. We rely heavily on corporate sponsorships and product donations for a successful event - we thank you for joining our efforts to help children with life-long medical conditions.
